Inspiratory Muscle Training
Clinical Trial Data

1: Weiner P, Weiner M.
   Inspiratory Muscle Training May Increase Peak Inspiratory Flow in Chronic Obstructive Pulmonary Disease.
   Respiration. 2005 Sep 6; [Epub ahead of print]
   PMID: 16155355 [PubMed - as supplied by publisher]

2: de Andrade AD, Silva TN, Vasconcelos H, Marcelino M, Rodrigues-Machado MG, Filho VC, Moraes NH, Marinho PE, Amorim CF.
   Inspiratory muscular activation during threshold(R) therapy in elderly healthy and patients with COPD.
   PMID: 16051499 [PubMed - in process]

   Inspiratory muscle training and the perception of dyspnea in Parkinson's disease.
   PMID: 16018157 [PubMed - indexed for MEDLINE]

4: Newall C, Stockley RA, Hill SL.
   Exercise training and inspiratory muscle training in patients with bronchiectasis.
   Thorax. 2005 Jun 30; [Epub ahead of print]
   PMID: 15994254 [PubMed - as supplied by publisher]

5: Wells GD, Plyley M, Thomas S, Goodman L, Duffin J.
   Effects of concurrent inspiratory and expiratory muscle training on respiratory and exercise performance in competitive swimmers.
   PMID: 15942767 [PubMed - indexed for MEDLINE]

6: Geddes EL, Reid WD, Crowe J, O'brien K, Brooks D.
   Inspiratory muscle training in adults with chronic obstructive pulmonary disease: A systematic review.
   PMID: 15894478 [PubMed - in process]

7: McConnell AK, Sharpe GR.
   The effect of inspiratory muscle training upon maximum lactate steady-state and blood lactate concentration.
   PMID: 15765241 [PubMed - indexed for MEDLINE]
Laoutaris I, Dritsas A, Brown MD, Manginas A, Alivizatos PA, Cokkinos DV.
Inspiratory muscle training using an incremental endurance test alleviates dyspnea and improves functional status in patients with chronic heart failure.
PMID: 15580060 [PubMed - indexed for MEDLINE]

Gething AD, Williams M, Davies B.
Inspiratory resistive loading improves cycling capacity: a placebo controlled trial.
PMID: 15562168 [PubMed - indexed for MEDLINE]

Nam do H, Lim JY, Ahn CM, Choi HS.
Specially programmed respiratory muscle training for singers by using respiratory muscle training device (Ultrabreathe).
PMID: 15515190 [PubMed - indexed for MEDLINE]

Hill K, Jenkins SC, Hillman DR, Eastwood PR.
Dyspnoea in COPD: can inspiratory muscle training help?
PMID: 15482248 [PubMed - indexed for MEDLINE]

Ruddy BH, Davenport P, Baylor J, Lehman J, Baker S, Sapienza C.
Inspiratory muscle strength training with behavioral therapy in a case of a rower with presumed exercise-induced paradoxical vocal-fold dysfunction.
PMID: 15364505 [PubMed - indexed for MEDLINE]

Oh EG, Park HO, Bang SY, Lee CH, Yeo JH, Kim SH.
[Effects of a short-term home-based pulmonary rehabilitation program in patients with chronic lung disease]
PMID: 15314409 [PubMed]

Enright S, Chatham K, Ionescu AA, Unnithan VB, Shale DJ.
Inspiratory muscle training improves lung function and exercise capacity in adults with cystic fibrosis.
PMID: 15302725 [PubMed - indexed for MEDLINE]

Gething AD, Passfield L, Davies B.
The effects of different inspiratory muscle training intensities on exercising heart rate and perceived exertion.
PMID: 14985996 [PubMed - indexed for MEDLINE]

19: Sprague SS, Hopkins PD. Use of inspiratory strength training to wean six patients who were ventilator-dependent. Phys Ther. 2003 Feb;83(2):171-81. PMID: 12564952 [PubMed - indexed for MEDLINE]

32: Covey MK, Larson JL, Wirtz SE, Berry JK, Pogue NJ, Alex CG, Patel M.

High-intensity inspiratory muscle training in patients with chronic obstructive pulmonary disease and severely reduced function.
PMID: 11508185 [PubMed - indexed for MEDLINE]

33: Volianitis S, McConnell AK, Koutedakis Y, McNaughton L, Backx K, Jones DA.

Inspiratory muscle training improves rowing performance.
PMID: 11323552 [PubMed - indexed for MEDLINE]

34: de Jong W, van Aalderen WM, Kraan J, Koeter GH, van der Schans CP.

Inspiratory muscle training in patients with cystic fibrosis.
PMID: 11207014 [PubMed - indexed for MEDLINE]

The cumulative effect of long-acting bronchodilators, exercise, and inspiratory muscle training on the perception of dyspnea in patients with advanced COPD.
PMID: 10988188 [PubMed - indexed for MEDLINE]

[Effect of specific inspiratory muscle training on dyspnea and exercise tolerance in congestive heart failure]
PMID: 10955110 [PubMed - indexed for MEDLINE]

37: Klefbeck B, Lagerstrand L, Mattsson E.

Inspiratory muscle training in patients with prior polio who use part-time assisted ventilation.
PMID: 10943756 [PubMed - indexed for MEDLINE]

38: Liaw MY, Lin MC, Cheng PT, Wong MK, Tang FT.

Resistive inspiratory muscle training: its effectiveness in patients with acute complete cervical cord injury.
PMID: 10857519 [PubMed - indexed for MEDLINE]

Specific inspiratory muscle training in patients with mild asthma with high consumption of inhaled beta(2)-agonists.
PMID: 10712997 [PubMed - indexed for MEDLINE]

47: Walczak J, Koziorowski A.
[Results of respiratory muscle training in patients with chronic obstructive lung diseases with a moderately severe course]
PMID: 9410285 [PubMed - indexed for MEDLINE]

48: Cahalin LP, Semigran MJ, Dec GW.
Inspiratory muscle training in patients with chronic heart failure awaiting cardiac transplantation: results of a pilot clinical trial.
PMID: 9256871 [PubMed - indexed for MEDLINE]

49: Lisboa C, Villafranca C, Leiva A, Cruz E, Pertuze J, Borzone G.
Inspiratory muscle training in chronic airflow limitation: effect on exercise performance.
PMID: 9072981 [PubMed - indexed for MEDLINE]

50: Reid WD, Samrai B.
Respiratory muscle training for patients with chronic obstructive pulmonary disease.
PMID: 7480129 [PubMed - indexed for MEDLINE]

51: Mancini DM, Henson D, La Manca J, Donchez L, Levine S.
Benefit of selective respiratory muscle training on exercise capacity in patients with chronic congestive heart failure.
PMID: 7805234 [PubMed - indexed for MEDLINE]

52: McCool FD, Tzelepis GE.
Inspiratory muscle training in the patient with neuromuscular disease.

53: Kim MJ, Larson JL, Covey MK, Vitalo CA, Alex CG, Patel M.
Inspiratory muscle training in patients with chronic obstructive pulmonary disease.
PMID: 8247819 [PubMed - indexed for MEDLINE]

54: Weiner P, Ganem R, Weiner M.
[Unusual treatment for myasthenia gravis associated with asthma]

63: Rochester DF, Arora NS.
